20.2 We do not represent, warrant or guarantee that you will be able to access and/or use our Online Trading Facility at all times or locations of your choosing, or that we will have adequate capacity for our Online Trading Facility as a whole or in any geographic location.

21. Manifest Errors

21.1 A "Manifest Error" means a manifest or obvious misquote by us, or any market, exchange, price providing bank, information source, commentator or official on whom we reasonably rely, having regard to the market conditions at the time an Order is placed.

21.2 When determining whether a situation amounts to a Manifest Error, we may take into account all information in our possession including, without limitation, information concerning all relevant market conditions and any error in, or lack of clarity of, any information source or announcement.

21.3 We will, when making a determination as to whether a situation amounts to a Manifest Error, act fairly towards you but the fact that you may have entered into, or refrained from entering into, a corresponding financial commitment, contract or Transaction in reliance on an Order placed with us (or that you may have suffered or may suffer any loss of profit, consequential or indirect loss) shall not be taken into account by us in determining whether there has been a Manifest Error. We reserve the right, without prior notice, to:

- a) amend the details of such a Transaction to reflect what we reasonably consider in our discretion, acting in good faith, to have been the correct or fair terms of such Transaction if the Manifest Error(s) had not occurred;
- b) If you do not promptly agree to any amendment made which we propose under this clause (which we will notify you of via the Trading Platform) we may void any Transaction resulting from or deriving from

- a Manifest Error, such that the result is the same as if it had never been made; and/or
- c) not take any action at all.

21.4 We may take any reasonable steps for any trades executed at prices resulting from Manifest Errors (as defined herein), such as computer errors, misquotes or omissions, or at prices that are clearly at odds with the fair market prices. Acting reasonably and in good faith, we may take the following actions to trades based on a Manifest Error:

- void the trade;
- close the trade at the current market prices; or
- amend the opening and/or the closing price of the trade, as if it would have been executed in the absence of the Manifest Error.

21.5 We will not be liable to you for any loss, cost, claim, demand or expense that you suffer (including loss of profits or any indirect or consequential losses) resulting from a Manifest Error, including where the Manifest Error is made by any information source, commentator or official upon whom we reasonably rely, or from our decision to do anything under sub-clause 21.3 above, except to the extent that it is caused by our own fraud, wilful default or gross negligence.

21.6 If a Manifest Error has occurred and we choose to exercise any of our rights under sub-clause 21.3, and if you have received any monies from us in connection with the Manifest Error, those monies are due and payable to us with immediate effect, and you must return an equal sum to us without delay.

21.7 We reserve the right to refuse any trades placed by you that we judge to be clearly outside the prevailing market price such that they may be deemed non-market price transactions, whether due to Manifest Error or stale, incorrect or broken price feeds.

27. Eligibility

27.1 As previously indicated, it is a pre-condition that our Services are only used and contracts are only formed by those who are permitted to enter legally binding agreements.

27.2 MiFID II makes a distinction between services that are simply a matter of execution and those where prior assessment is required to determine the extent to which the service and/or the product is "suitable" to the client's needs and circumstances and "appropriate" to the client's level of knowledge and experience. For the purposes of assessment of appropriateness, MiFID II requires certain information on clients to be obtained and formally assessed in order to ensure such appropriateness; to satisfy this requirement, we have designed a test ("**Test of Appropriateness**"), which we will apply to clients before providing investment services, unless the client is classified as "professional client" or "eligible party".

27.3 Information, thus, obtained will be used exclusively for the assessment referred to hereinabove.

27.4 Notwithstanding any of the above, the above mentioned eligibility restrictions shall only apply in cases where our Services involve the use of real money. The above restrictions shall NOT apply to the use of any practice application not associated with real money transactions (such as, “**Demo Accounts**”).

28. Client Categorisation Under MiFID II

28.1 As per MiFID II the Company's clients shall be categorised/classified in three (3) categories intended to reflect both client's level of knowledge and experience in the financial markets and their ability to understand and take on the risks arising from their investment decisions, in order to adopt protective measures to the particularities of each category of investor. In compliance with such requirements imposed under MiFID II, we categorise/classify our clients in the following three (3) categories:

- a. **Eligible Counterpart(y)ies (“ECP(s)”)**: a category that includes: (a) **per se eligible counterparties** (i.e., entities automatically treated as eligible counterparties), such as investment firms, credit institutions, insurance companies, undertakings for the collective investment of transferable securities (“**UCITS**”), pension funds and national governments, as well as, (b) entities that may be treated as eligible counterparties with their consent, such as large undertakings (that meet specified size tests) and clients who may be treated as ECPs in accordance with the prescribed opt-up criteria; recognition by the MiFID II Member State in which they are established is required for the latter entities to be treated as “**ECP**”; for this type of customer MiFID II provides for a basic level of protection since these are entities that by their very nature must operate directly and frequently in the financial markets;
- b. **Professional Clients**: a category that includes all of the entities that fall within the ‘Eligible Counterparty’ category referred to above (such as investment firms, credit institutions, insurance companies, undertakings for the collective investment of transferable securities (UCITS), pension funds and national governments), plus a handful of others, such as ‘institutional investors whose main activity is to invest in financial instruments’ and exceptionally some individuals who may be treated as professionals on request; Professional Clients are deemed to have more investment knowledge and experience and are provided with less protection under MiFID II, since they are assumed to have sufficient knowledge of the markets and financial instruments to be able to take their own investment decisions and to understand and take on the concomitant risks; and
- c. **Retail Clients**: a category that includes clients not falling within the Eligible Counterparty/Professional Client categories, who are deemed to have less investment knowledge and experience; they receive the maximum level of protection provide for by MiFID II both in carrying out the tests and in the scope of the pre- and post-contractual documentation and information that must be made available to them; this category includes the majority of individuals;

28.2 We will notify each client in writing as appropriate of the categorization/classification assigned. Any such categorization/classification, as well as any notification thereof, will be valid and will apply to all Accounts held by the client with us. Please note that you shall be treated as a “**Retail Client**”, unless we shall classify or reclassify you as a “**Professional Client**” or an “**Eligible Counterparty**”, depending on the information that you shall provide when completing the registration process or thereafter. In certain circumstances we may wish to re-categorise you, but if we do so we will explain clearly why we are doing this and the effect this will have on your protections and compensation rights. MiFID II also establishes objective criteria, which we have followed in carrying out the classification and communicating the outcome to clients individually, and which it has incorporated into our **Client Categorization Policy** established for this purpose. In accordance with such requirements imposed under MiFID II, we attach different levels of regulatory protection to each category and hence to clients within each category. In particular, Retail Clients are afforded the most regulatory protection; Professional Clients and Eligible Counter Parties are considered to be more experienced, knowledgeable and sophisticated and able to assess their own risk and are thus afforded fewer regulatory protections.

Request for Re-Classification

28.3 We offer our clients the possibility to request re-categorization and thus to increase or decrease the level of regulatory protections afforded. Where a client requests a different categorization, the client needs to meet certain specified quantitative and qualitative criteria. On the basis of the client's request, we undertake an adequate assessment of the expertise, experience and knowledge of the client to give

reasonable assurance, in the light of the nature of transactions or services envisaged that the client is capable of making his/her own investment decisions and understanding the risks involved. However, if the above-mentioned criteria are not met, we reserve the right to choose whether to provide services under the requested categorization.

28.4 To request a change in client categorization, you will need to do this in writing.

28.5 Acceptance of the request by us will depend on your compliance at all times with established legal and regulatory requirements for making the change effective, as follows:

A. Opt-Down from an Eligible Counterparty

28.6 A client who is considered an Eligible Counterparty has the right to opt-down; this means that the client can request a higher level of protection, namely protection that is offered to a Professional client or Retail client; unless an Eligible Counterparty expressly and specifically requests treatment as a Retail client, the client's request will be considered as a request to be treated as a Professional Client; an Eligible Counterparty has the right to a general opt-down, covering all business conducted with us or on a "product category basis", provided, however, that we are not obliged to accept such a categorization.

B. Opt-Down from a Professional Client

28.7 A client who is categorized as a Professional Client has the right to opt-down to a Retail Client (with a higher level of protection) for all business conducted with us or on a "product category basis", provided, however, that we are not obliged to accept such a categorization; it is the sole responsibility of the client to ask in writing for this higher level of protection when the client is unable to properly assess or manage the risks involved in its investment decisions.

C. Opt-Up from a Retail Client

28.8 A Retail Client has the right to request to be reclassified as a Professional Client and, in such case, he/she will be afforded a lower level of protection. The Company is not obliged to deal with him/her under a different categorization. The re-categorization may be requested in respect of all its business with us or on a "product category basis", provided, however, that we are not obliged to accept such a categorization.

28.9 The Company is allowed to treat any of the Retail Clients such as public sector bodies, local public authorities, municipalities and private individual investors as Professional Clients, provided that the relevant criteria and procedure mentioned below are fulfilled. These clients shall not, however, be presumed to possess market knowledge and experience comparable to Professional Clients and Eligible Counterparties.

28.10 Any waiver of the protection afforded by the standard conduct of business regime will be effected only if an adequate assessment of the expertise, experience and knowledge of the client is undertaken by the Company and gives reasonable assurance, in light of the nature of the transactions or services envisaged, that the client is capable of making his/her own investment decisions and understanding the risks involved. The 'fitness test' applied to managers and directors of entities licensed under Directives of the European Union in the financial services field could be regarded as an example of the assessment of expertise and knowledge. In the case of small entities, the person subject to the above assessment should be the person authorized to carry out transactions on behalf of the entity.

28.11 In the specific case of a request for a change from Retail to Professional Client, such a request specifically implies the express renunciation of the right to be treated as a Retail Client and of rights to the associated level of protection; In this case and in the course of this assessment, as a minimum, two (2) of the following criteria must be fulfilled, as required by MiFID II:

- a) the client has carried out transactions, in significant size, on the relevant market at an average frequency of ten (10) per quarter over the previous four quarters;
- b) the size of the client's financial instrument portfolio, defined as including cash deposits and financial

instruments exceeds EUR 500,000;

c) the client works or has worked in the financial sector for at least one year in a professional position, which requires knowledge of the transactions or services envisaged.

Procedure

28.12 Those Clients may waive the benefit of the detailed rules of business conduct only where the following procedure is followed:

- a) they must state in writing to the Company that they wish to be treated as a Professional Client, either generally or in respect of a particular investment service or transaction, or type of transaction or product;
- b) the Company must give them a clear written warning of the protections and investor compensation rights they may lose;
- c) they must state in writing, in a separate document from the contract, that they are aware of the consequences of losing such protections.

Before deciding to accept any request for waiver, the Company must take all reasonable steps to ensure that the client requesting to be treated as a Professional Client meets the relevant requirements stated herein above.

28.13 Upon receiving such a request and before deciding to accept any request for waiver/lower level of protection, the Company shall take all reasonable steps to ensure that the client requesting to be treated as a Professional Client meets the relevant requirements stated herein above and in our **Order Execution Policy**, which can be found on our Website. The Company may, but is not obliged to, accept such re-categorization.

28.14 Based on any of the above-mentioned requests for change, we will in each instance notify you, as appropriate, of the new classification assigned; any such new categorization/classification, as well as any notification thereof, will be valid and will apply to all Accounts held by you with us.

28.15 It is the Professional Clients' and Eligible Counterparties' sole responsibility to inform us of any change that could affect their categorization. If no such information is received from you, we will consider that you continue to meet the conditions to be categorized as an Eligible Counterparty or, as the case may be, a Professional Client.

For further information, please ensure that you thoroughly read our **Client Categorisation Policy** which can be found on our Company's website.

32.2 We will NOT advise you on the merits or suitability of any Transaction and/or Contracts entered into pursuant to these Terms and Conditions, nor will we manage or monitor your investments. You acknowledge that our execution of any Order on your behalf does not in any way imply that we have approved or recommended that Transaction or investment. For your information, we have set out various risk disclosures on our Online Trading Facility.

32.3 All Transactions and/or Contracts we enter into with you or execute on your behalf will be placed and executed in accordance with the terms of our Order Execution Policy (as amended or extended from time to time) full details of which are available on our Online Trading Facility ("**Order Execution Policy**"). Our Order Execution Policy is part of these Terms and Conditions and is incorporated herein by reference, shall be applicable to all Transactions and Contracts entered into by and between you and us, to the extent that it does not impose and/or does not seek to impose any obligations on us which we would not otherwise have, but for the *Cyprus Investment Services and Activities and Regulated Markets Law of 2017 (Law 87(I)/2017)*.

33. Prices and Open Positions

- 33.1 We will provide you with "bid" and "ask" prices ("**Price Quote(s)**") in respect of Supported Financial Instruments through our Online Trading Facility or, in those instances where we have agreed to do so, through our Dealing department. The Price Quotes that we quote are determined by us and usually represent a mark-up or mark-down on inter-bank dealing rates. Our fees and charges are set out on our Online Trading Facility. Each price published shall be valid until the earlier of its expiration time and the time, if any, at which it is otherwise withdrawn by us.
- 33.2 Each Price Quote shall be available for use in a dealing Instruction for a Transaction and/or Contract with a principal amount not to exceed a maximum leverage amount, determined by us, published on our Online Trading Facility or otherwise notified to you ("**Leverage**"). You acknowledge that the prices and maximum Leverage we may offer to you may differ from prices and Leverage provided to other clients of ours and may be withdrawn or changed by us at any time, without prior notice and without any obligation on our end to provide any explanation and/or justification. We may in our absolute discretion and without prior notice to you, immediately alter, withdraw or refuse to deal on any Price Quote we may have published or cease the provision of Price Quotes altogether in some or all Supported Financial Instruments and for some or all value dates at any time and without any obligation on our end to provide any explanation and/or justification.
- 33.3 Our Services are restricted to executing Transactions and/or Contracts in Supported Financial Instruments via our Online Trading Facility, at the Price Quotes displayed on our Online Trading Facility or otherwise communicated to you at your request.

34. Instructions and Basis of Dealing

- 34.1 **Placing of instructions:** Unless expressly agreed upon otherwise, all dealing instructions must be given to us electronically via our Online Trading Facility, although we may at our sole discretion accept instructions from you orally (e.g., by telephone through our dealing department at the designated phone number specified on our Online Trading Facility ("**Instructions**")), unless we tell you that Instructions can only be given in a particular way. We may, in our absolute discretion, require confirmation (in such form as we may specify) of any dealing Instruction, as appropriate. All Instructions given through our Online Trading Facility, by telephone or other electronic means, will be recorded. We shall be authorized to follow Instructions provided through our Online Trading Facility notwithstanding your failure to confirm them in writing. A dealing Instruction or Order given by you to us shall not take effect until it is actually received by us. In this Agreement, unless the context requires otherwise, "**Instructions**" and "**Orders**" shall have the same meaning.

When you place an Order via our Online Trading Facility, or in such other manner as we may specify to you in writing from time to time:

- a) you are offering to enter into a Transaction and/or Contract with us at the price we quote when you complete all obligatory fields and click the relevant button; and
- b) you and we will be bound by a Transaction and/or Contract only when details of the Transaction and/or Contract are reported as executed on our Online Trading Facility. If you do not see details of the executed Transaction and/or Contract on our Online Trading Facility, please call us immediately to confirm the status of the Transaction and/or Contract.

When you place an Order by telephone:

- a) your oral instruction to Transaction and/or Contract will constitute an offer to enter into a Transaction and/or Contract at the price we quote. Trades placed by telephone will only be accepted at our current Price;
- b) you can place an Order by telephone only by talking directly to an authorized person. We will not accept an Order left with other employees, on an answering machine or on a voice mail facility;
- c) you and we will be bound by a Transaction and/or Contract only when our authorized person confirms that the offer has been accepted.

- 34.2 You may place an electronic Order on our Online Trading Facility at any time or you may place a telephone Order with an authorized dealer during our trading hours. However, we will execute a Transaction and/or

Contract only during times which are both our trading hours and the market hours for the relevant market. Market hours are as stated in the market information on our Website and may change from time to time.

- 34.3 **Right not to accept Instructions/Orders:** We may (but shall not in any circumstances be obliged to accept Instructions to enter into a Transaction and/or Contract. We may at our absolute discretion refuse to accept any dealing Instruction given by you or on your behalf, in whole or in part, and refuse to act on it, without giving any reason or being liable for any loss occasioned thereby. In addition, a dealing instruction which, for any reason, is not received by us in a manner in which it can be processed, including a failure of our Online Trading Facility to accept or process such Instruction, shall be deemed not to have been received by us.

We reserve the right to refuse to enter into any Transaction and/or Contract. Such situations include but are not limited to, when:

- a) trades are placed outside of the market hours;
- b) trades are individually or in the aggregate larger than the maximum quantity or smaller than the minimum quantity we set for the market;
- c) your margin is insufficient to fund the proposed Transaction and/or Contract;
- d) our price or the Transaction and/or Contract derives from a Manifest Error;
- e) we believe the Transaction and/or Contract would be in breach of this Agreement or any legal or regulatory requirement applicable to you or us.

Binding Effect: Confirmation of a dealing Instruction by us shall constitute a binding agreement between us on the terms of such Instruction. The procedure for entering dealing instructions is specified on our Online Trading Facility in the online trading section.

- 34.4 **Cancellation/withdrawal of Instructions:** We can only cancel your Instructions if we have not acted upon those instructions. Once an instruction has been given by you or on your behalf, it cannot be rescinded, withdrawn or amended without our express prior written consent.
- 34.5 **Control of Orders prior to execution:** We have the right (but no obligation) to set limits and/or parameters to control your ability to place Orders at our absolute discretion. Such limits and/or parameters may be amended, increased, decreased, removed or added to by us at our absolute discretion and may include (without limitation): (i) controls over maximum Order amounts and maximum Order sizes; (ii) controls over our total exposure to you; (iii) controls over prices at which Orders may be submitted (to include (without limitation) controls over Orders which are at a price which differs greatly from the Market Price at the time the Order is submitted; (iv) controls over our Electronic Services (to include (without limitation) any verification procedures to ensure that any particular Order has come from you); or (v) any other limits, parameters or controls which we may be required to implement in accordance with Applicable Laws, Rules and/or Regulations. The Company has the right to amend and/or cancel any Orders which have been executed within a very small timeframe and the cumulative sizes of those Orders exceed the maximum allowable Order size limit (i.e. a Client may place five orders within two seconds which individually are all below the maximum allowable Order size limit but exceed the limit on a cumulative basis).
- 34.6 **Crossing of Orders:** We may arrange for a Transaction and/or Contract to be executed, either in whole or in part, by selling an investment to you from another client, or a client of an associate/affiliate of ours, or vice-versa. We shall not give you prior notice if we arrange for a Transaction and/or Contract to be executed in this manner.
- 34.7 **Aggregation and Split of Orders:** We are entitled, in our absolute discretion, to combine and/or aggregate your Orders with our own Orders and/or with Orders of any of our Associates and/or Persons connected with us, including employees and/or other clients. Furthermore, we may split your Orders when executing them. Orders will only be aggregated or split, however, if we reasonably believe it to be in your best interest. On some occasions, however, aggregation and split of your Order may result in you obtaining a less favourable price in relation to a particular Order, than if your Orders had been executed, respectively, separately or mutually.

- 34.8 **Confirmation of Instructions:** We may (but shall not in any circumstances be obliged) to require confirmation of any Instruction in such form as we may reasonably request if it appears to us that such confirmation is necessary or desirable; or such Instruction is to close an Account or remit money due to you. It is your responsibility to inform us of any change to your e-mail address, the non-receipt of a confirmation, or whether any confirmations are incorrect, before settlement.
- 34.9 **Performance and Settlement:** You will promptly deliver any Instructions, money, documents or property, which we may require from you or which is deliverable by you under a Transaction and/or Contract in accordance with that Transaction and/or Contract, as modified by any Instructions given by us, for the purpose of enabling us to perform our obligations under the relevant matching Transaction and/or Contract on a Market or with an intermediate broker. If you do not provide us with such Instructions promptly, we may, at our absolute discretion, take such steps at your cost, as we consider appropriate for our own protection or for your protection. This provision is similarly applicable in situations when we are unable to obtain contact with you.
- 34.10 **Intermediate Brokers and other agents:** We may, at our entire discretion, arrange for any Transaction to be effected with or through the agency of an intermediate broker, who may be an Associate of ours, and may or may not be in Cyprus. Neither we, nor our respective directors, officers, employees or agents, will be liable to you for any act or omission of such an intermediate broker or agent. No responsibility will be accepted for intermediate brokers or agents selected by you.
- 34.11 **Position Limits:** We may, in our absolute discretion, require you to limit the number of open positions which you may have with us at any time and/or only allow you to enter into closing transactions or we may close out any one or more positions or reverse Transactions and/or Contracts in order to ensure that the position limits we have imposed are maintained.
- 34.12 **Fluctuations in Exchange Rates:** If you enter into any Transaction and/or Contract, any profit or loss arising as a result of a fluctuation in the exchange rate affecting such Transaction and/or Contract will be entirely for your account and risk.
- 34.13 **Trade Reporting:** Under Applicable Laws, Rules and/or Regulations we may be obliged to make information about certain Transactions and/or Contracts public. You agree and acknowledge that any and all proprietary rights in such Transaction and/or Contract information are owned by us and you waive any duty of confidentiality attaching to the information which we reasonably disclose.
- 34.14 **Rollover:** If we do not receive Instructions from you to settle any open Transactions and/or Contracts by the close of the Business Day, we are hereby authorized (but not obliged) to transfer all said Contracts to the next business date traded ("**Rollover**"), as provided in further detail in clause 41 hereinafter.

35. Electronic Trading Terms

- 35.1 **Trade Confirmation:** You acknowledge the electronic nature of our Services via our Online Trading Facility and the inherent risk that communications by electronic means may not reach their intended destination or may do so much later than intended for reasons outside our control. Accordingly, any Instruction sent by you or on your behalf via our Online Trading Facility or by e-mail shall only be deemed to have been received and shall only then constitute a valid Instruction and/or binding Contract between you and us, when such Instruction has been recorded as executed by us and confirmed by us to you through a Settlement/Trade Confirmation, and the mere transmission of an Instruction by you or on your behalf shall not by itself constitute a binding Contract between you and us.

Our mobile feature utilizes public communication network circuits for the transmission of messages. However, as the latter is a regulatory requirement, in case you revoke your consent, we may be unable to provide our services to you; thus, your access to our Online Trading Facility may be restricted or terminated.

39. Rollover and Offset Instructions

39.1 Rollover is the process of extending the settlement date of an open position (i.e. date by which an executed trade must be settled). The forex market allows two business days for settling all spot trades, which implies the physical delivery of currencies. In margin trading, however, there is no physical delivery, so all open positions must be closed daily at end-of-day (22:00 GMT) and re-opened on the following trading day. This pushes out the settlement by one more trading day. This strategy is called rollover.

39.2 We may allow open positions to be rolled in accordance with your instructions. Rollover is agreed on through a swap contract which comes at a cost or at a gain for traders. We do not close and re-open positions, but will charge you a fee in respect of each such position and debit/credit your trading Account(s) for positions held open overnight, depending on the current short-term interbank rate (with added mark-up) ("Rollover

Fee” or “Financing Fee”). As 2:00 GMT is considered to be the beginning and the end of a forex trading day, any positions which are still open at 22:00 GMT sharp are subject to rollover and will be held overnight. Positions opened at 22:01 are not subject to rollover until the next day, but if you open a position at 21:59, a rollover will take place at 22:00 GMT. For each position open at 22:00 a credit or debit appears on your Account within 1 hour, and will be directly applied to your equity.

39.3 The Rollover Fees that we charge will be published on our Online Trading Facility. We shall attempt to collect such Rollover Fees from the free balance in your Account with us. In the event that we are unable to collect such Rollover Fee(s) from the free balance in your Account with us, we reserve the right to close part, or all, of your open positions as per our Order Execution Policy. You shall be liable for promptly paying all Rollover Fees(s), even if all Margin previously deposited by you has been lost.

39.4 In the absence of clear and timely instructions from you, we are authorized, at our absolute discretion, to offset all or any portion of the positions in your Account(s) or to make or receive delivery on your behalf upon such terms and by such methods deemed reasonable by us.

40. Corporate Events and Actions

40.1 In the case where an Instrument becomes subject to a corporate event as set out below (sub-clause 40.2), the Company will carry out the appropriate actions to adjust your trading account for the effect of the event on your position, preserving the economic equivalent of the rights and obligations attached to your Transaction and/or Contract with the Company, on the ex-date of the event (i.e., the day the affected instrument's price will incorporate the effect of the event). Subject to this sub-clause, the Company shall take the following actions:

- (a) Adjust the size and/or value and/or number of Orders as deemed appropriate, with the aim to preserve, to the greatest extent possible, the economic equivalent of your open positions;
- (b) Endeavour to communicate the upcoming events and actions through any durable medium, including but not limited to the Company's website;
- (c) Where you have a Pending Order or a Stop Loss and/or a Take Profit attached to your Orders, the Company aims to preserve, to the greatest extent possible, the equivalent of the rights and obligations of your Transaction and/or Contract immediately prior to the corporate event taking place;
- (d) If a corporate event, such as a reverse stock split, results in share ownership below the minimum allowed by our systems, these positions will be rounded down to the nearest allowed trade size, with any value not captured by the position adjustment being reflected as a cash adjustment to your trading account.

Different actions may be followed by the Company in case you owned the underlying Instrument; however, the Company will endeavor to preserve economic equivalence to the greatest extent possible.

40.2 Subject to sub-clause 40.1, corporate events shall include the following:

- (a) Distribution, by the issuer to the shareholders of the Underlying Instrument, of additional shares, other share capital, warrants or rights granting dividends that result in a dilutive effect on the market value;
- (b) Stock splits and reverse stock splits that result in a change in the number of shares owned and the share price. A split is a corporate event whereby a firm multiplies the number of existing shares by a certain ratio, e.g. 1:2 (this indicates that every existing share will translate into two shares). In the 1:2 case, the shareholders' shares will double, but given the firm's market capitalization will remain unchanged, the stock price will halve, maintaining economic equivalence; It should be noted that under such an event your positions may be consolidated into a single entry on the terminal which will of course capture the effect of the corporate action on all your positions;
- (c) Dividends; in case where an underlying instrument is granting dividends (equity index or stock), a cash adjustment will be made, equivalent to that paid to clients with an open position in the Underlying Instrument;
- (d) Delisting/voiding of a tradable Instrument that will result in the closing of positions; It should be noted that in order to protect the Company and its Clients, the Company reserves the right, at its sole discretion, to remove and/or seize offering financial instruments, whenever the issuing corporation of such instruments has filed for bankruptcy, even if such an action does not result in the corporation's liquidation; the mere filing of a corporation for bankruptcy, is deemed sufficient indication for the

Company to proceed with the immediate delisting of the relevant financial instrument.

- (e) Takeovers or mergers (including spinoffs), depending on their terms may result in a cash adjustment similar to that of dividends;
- (f) Any other event of similar nature to the aforementioned events that may have a concentrating or dilutive effect on the market value of the Instrument.

Chapter E: Margin Deposits, Collateral and Payment

41. Margin and Collateral

41.1 Margin is the amount of cash which you are required to deposit with us in order to enter into Transactions/Contracts. Before you place a Transaction and/or Contract which creates an open position you must ensure that the Margin in your account is sufficient to cover the Margin Requirement in respect of that open position. If your Margin is less than the Margin Requirement for the open position you wish to create, we may reject your such Transaction and/or Contract. The Margin Requirement must be maintained at all times until the open position is closed and may increase or decrease at any time until the open position is closed.

41.2 **Contingent liability:** Where we effect or arrange a Transaction and/or Contract, involving, for instance, a Contract for Differences, you should note that, depending upon the nature of the Transaction or Contract, you may be liable to make further payments when the Transaction and/or Contract fails to be completed or upon the earlier settlement or closing out of your position. You will be required to make further variable payments by way of Margin against the purchase price of the investment, instead of paying (or receiving) the whole purchase (or sale) price immediately. The movement in the Market Price of your investment will affect the amount of Margin payment you will be required to make.

41.3 **Margin call:** You must provide to us on demand such sums by way of Margin as we may in our reasonable discretion require. We may, in some circumstances, require higher margin depending on market conditions, market circumstances, total equity of all Accounts held with our Company and Associate companies, or due to the size and/or volume of your trading activity with our Company and/or Associate companies.

41.4 **Margin requirements:** Any requirement for Margin payments must be satisfied within such time as may be specified by us or, if none is specified, immediately. One Margin call does not preclude another. The Company offers fixed margin requirements to its Retail Clients, which vary according to the volatility of the underlying financial instrument to be traded. The latter does not apply to Professional Clients and the Company may, in its reasonable discretion, change the Margin requirements at any time. Margin requirements vary per financial instrument. For further information on the applicable margin requirements per financial instrument, please refer to our Company's website.

41.5 **Margin requirements prior to and during Market Disruption:** Without prejudice to what is set out herein above, the Company at its sole discretion may temporarily require higher margin for placing new Orders for any specific or all Financial Instruments (compared to the normal margin requirements of the Client's account) in the following, non-exhaustive cases:

- a. Prior to and/or during Friday market closure;
- b. Prior and/or during to any other market closure for any specific or all Financial Instruments;
- c. Prior and/or during to any major news announcements, such as, but not limited to, the Non-Farm Payroll announcement;
- d. Prior and/or during to any anticipated abnormal Market conditions and/or Market Disruptions.

The above temporary increase of the margin requirements may affect any open Orders in your Account, either placed prior to or following the implementation of the new Margin requirements. Changing Margin requirements shall not apply to Accounts held by Retail Clients, for which a fixed maximum leverage ratio is offered by the Company, according to the volatility of the underlying financial instrument to be traded.

41.6 **Form of Margin:** Margin must be provided in the form of cash or, only in those instances in which we may agree otherwise, other assets, such as collateral (by which we mean investments, securities, bonds or any other financial instrument, property or asset acceptable to us in lieu of cash) ("**Collateral**") (all together "**Assets**"). The currency of the cash Margin you pay to us shall be the currency of the relevant underlying Transaction (if applicable) or as we may in our discretion reasonably decide from time to time. Cash Margin is paid to us as an outright transfer of title and you will not retain any interest in it. Cash Margin received by us will be recorded by us as a cash repayment obligation owed by us to you.

41.7 **Failure to meet Margin call:** You are responsible for maintaining appropriate arrangements with us at all

times for the receipt and communication of information regarding Margin. You shall promptly deliver any money or property deliverable by you in respect of any Transaction or Contract in accordance with the terms of that Transaction or Contract and with any instructions given by us for the purpose of enabling us to perform our obligations under any corresponding Transaction or Contract entered into between us and a third party. If you fail to provide us with the required Margin, deposits or other payable amounts in accordance with the terms of any Transaction or Contract within the required time, we will be entitled, at our sole discretion, to close out any open Transaction or Contract without prior notice to you and apply any proceeds thereof to payment of any amounts due to us and/or, as we deem fit at our sole discretion. Such failure may also be considered as an Event of Default.

- 41.8 **Currency Conversion:** All initial and subsequent calls for Margin shall be made in the currency of the Transaction and/or Contract, or in the currency of your Account as we determine, in such amounts as we may in our absolute discretion require; we are authorized to convert funds in your account for Margin into and from such foreign currency at a rate of exchange determined by us on the basis of the then prevailing money market rates. In such circumstances, we will not be liable to you for any loss suffered by you as a result of such action (although, we will use reasonable endeavours to only convert such funds as may prudently be required to cover the position in respect of the relevant transaction).
- 41.9 **Refusal to accept Margin:** We reserve the right to return to you at any time, with or without reasons and without being obliged to provide you with any justification or explanation, any Assets deposited with us by way of Margin, Collateral, deposits or otherwise.
- 41.10 **Negative Balance Protection:** Means the limit of a client's aggregate liability, for all CFDs connected to a trading Account with the Company, to the funds in that Account.

Trading in leveraged Financial Instruments involves significant risk on your invested capital. However, XM follows a Negative Balance Protection policy, on a per account basis, which aims to ensure that your maximum losses from trading CFDs, including all related costs, are limited to the total funds in your trading account (i.e., no additional liability incurs). This should include any funds yet to be paid into your account due to net profits from the closure of open trades connected to your trading account.

Notwithstanding the above, any indication or suspicion, in XM's reasonable discretion, of any form of arbitrage performed in your trading account either solely or in connection with other clients of our company (including but not limited to risk-free profiting), abuse (including but not limited to participant's trading activity patterns that indicate that the participant solely aims to benefit financially without being genuinely interested in trading in the markets and/or taking market risk), internal hedging in coordination with other parties and abuse of our 'no negative balance', constitute a violation of these Terms and Conditions. In such cases, we reserve the right, among others, NOT to apply our Negative Balance Protection policy and transfer any or all funds you may have in a different trading account to set-off the obligations (e.g., negative balance) that have occurred to the other account used for any abusive acts.

42. Margin Call Policy / Margin Call Level / Stop-Out Level

- 42.1 You accept that our Online Trading Facility operates with an automated risk monitoring, Margin Call and Stop-out facility designed to monitor the overall utilization of your available collateral in support of our prevailing Margin and cash funding requirements for the Transactions and/or Contracts you are entering into via our Online Trading Facility; using this automated risk monitoring, Margin Call and Stop-out facility, we will, unless otherwise stated, apply initial, maintenance or close out Margin call at the prevailing Margin Call or Stop-out levels, as stated from time to time on our Online Trading Facility.
- 42.2 Our automated platform allows clients to open new orders if the margin of their trading account is more than 100%, unless the new orders will result in the margin requirements of the trading account being reduced (e.g., hedged orders within the same trading account).
- 42.3 Our Margin Call Policy guarantees that your maximum possible risk is your Account equity. If the equity in the Account of a Retail Client reaches or drops below the 100% of the Margin Level required to maintain the open positions ("Margin Call Level"), you will receive a Margin Call. This is a warning message in your platform terminal that the equity in your Account is not enough to support your open positions. For Professional Clients, the Margin Call is triggered when the Account equity drops below 50% of the Margin

required to maintain your open positions/Transactions.

At this point, you will not be able to take any new position and you will have the option to deposit sufficient money in order to maintain your open positions. When you have losing positions, your Margin Level will go down and may become close to the Margin Call Level. When you have winning positions, your Margin Level will go up and the Margin Call Level may become more remote.

- 42.4 All clients are fully and personally responsible for monitoring the activity of their Accounts, including, without limitation, whether and when their open positions reach Margin Call Level.
- 42.5 The “**Stop-out Level**” is the level of your equity where our Online Trading Facility will start automatically to close trading positions (starting from the least profitable position and until the Margin Level requirement is met) in order to prevent further account losses into the negative territory. For all Accounts held by Retail Clients the Stop-out level is 50% of the Margin required to maintain the open positions/Transactions and for all Accounts held by Professional Clients the Stop-out level is 20% of the Margin required to maintain the open positions/Transaction. Please note that hedged positions are also subject to margin requirements in case where the equity of your Account has entered into a negative territory; thus, the automatic Stop-out facility is initiated.
- 42.6 In the case where a ‘Stop Order’ or ‘Limit Order’ (or ‘Entry Stop’ or ‘Limit’) is entered at the same price that would trigger a Stop-out, the Stop-out will be executed when that price is touched (or gaps through the price) and all pending Orders attached to that trade will be cancelled.

A MARGIN CALL OR, AS THE CASE MAY BE, STOP-OUT, WHEN TRIGGERED, WILL TAKE PRECEDENCE OVER OTHER ORDER TYPES.

43. Security

- 43.1 **Security interest:** All Assets belonging to you which we may at any time be holding for you (either individually, jointly with another, or as a guarantor of the account of any other person) or which may at any time be in our possession or control or carried on our books for any purpose, including safekeeping, are to be held by us as security for the performance of your obligations to us and held subject to a general lien and right of set-off for any of your liabilities to us and irrespective of the number of Accounts you may have with us. Without limitation such security shall comprise the credit balances on your Account(s), any securities registered as belonging to you on our books, and the value of your open positions with us. We may, in our absolute discretion and without notice to you, apply and/or transfer any or all Assets belonging to you between any of your accounts with us and combine or set off between accounts and convert any currency into another. Without prejudice to any other rights to which we may be entitled, we may at any time and without notice to you set off any amounts (whether actual or contingent, present or future) at any time owing between you and us paying you the difference. You may not withdraw or substitute any Assets or property subject to our security interest without our prior express and written consent.
- 43.2 Without prejudice to the above, our services to you are provided on the understanding that where you transfer money and/or Collateral to us by way of Margin or otherwise, we will treat this as a transfer of full ownership of such money and/or Collateral to us for the purpose of securing or covering your present, future, actual, contingent or prospective obligations, and we will not treat such money and/or Collateral as ‘Client Funds’. Accordingly, without prejudice to any other provisions of this Agreement, we shall have the right to pledge, charge, loan or otherwise use or dispose of all or part of such money and/or Collateral provided to us by way of Margin, as if we were the beneficial owner thereof. We will transfer an equivalent amount of money and/or Collateral back to you where, at our sole discretion, we consider that the amount of money and/or Collateral you have transferred to us is more than is necessary to cover your present and future obligations to us. You agree that Collateral provided in the form of investments will be returned to you in the form of investments of the same description and amount as those accepted by us as Collateral, but that any such Collateral returned to you need not be the actual investments provided by you.
- 43.3 **Set-off on Default:** If an Event of Default occurs (as defined hereinafter) or this Agreement terminates, we shall set-off the balance of cash Margin owed by us to you against your obligations (as reasonably valued by us) to us. The net amount, if any, payable between us following such set-off, shall take into account the amounts payable to us under the clause headed “**Netting**” of this Agreement.

- 43.4 **Right to pledge, re-pledge, hypothecate, invest or loan:** You hereby warrant and represent that any property or Assets you transfer to us as Collateral under these Terms and Conditions are free from any lien, security interest or other encumbrance other than the lien created under these Terms. You hereby also grant to us the right to pledge, re-pledge, hypothecate, invest or loan, either separately or with the property of other clients any Collateral we hold for you whether, to ourselves as broker or to others in satisfaction of our clients' obligations to us or such third party.
- 43.5 **Negative pledge:** You undertake neither to create nor to have outstanding any security interest whatsoever over, nor to agree to assign or transfer, any of the cash or non-cash Margin transferred to us, except a lien routinely imposed on all securities in a clearing system in which such securities may be held.
- 43.6 **Power to charge:** You agree that we may, to the extent that any of the Margin you provide us with under these Terms and Conditions constitutes "**financial collateral**" and this Agreement and your obligations hereunder constitute a "**security financial collateral arrangement**", free of any adverse interest of yours or any other person, grant a security interest over Margin provided by you to cover any of our obligations to an intermediate broker or Market, including obligations owed by virtue of the positions held by us or other of our clients.
- 43.7 **Power of sale:** If an Event of Default occurs (as defined hereinafter), we may exercise the power to sell all or any part of the Margin you provide us with under these Terms and Conditions and shall be entitled to apply the proceeds of sale or other disposal in paying the costs of such sale or other disposal and in or towards satisfaction of the Secured Obligations. Such sale shall take place by the means that we in our reasonable discretion determines and at the price that we in our reasonable discretion determine to be the best obtainable.
- 43.8 **General lien:** In addition and without prejudice to any rights to which we may be entitled under this Agreement or any Applicable Laws, Rules and/or Regulations we shall have a general lien on all Assets and property held on your behalf by us, our Associates or our nominees, until the satisfaction of all Secured Obligations. Without limitation, such general lien shall comprise the credit balances on your Accounts, the securities registered as belonging to you on our books, and the value of your open positions with us. We may, in our absolute discretion and without notice to you, apply and/or transfer any or all such Assets which you have deposited at any time with us or which may at any time be in our possession or control or carried on our books for any purpose, including safe keeping, between any of your Accounts with us and combine or set off between accounts and convert any currency into another. Without prejudice to any other rights to which we may be entitled, we may at any time and without notice to you set-off any amounts (whether actual or contingent, present or future) at any time owing between you and us paying you the difference.

Chapter F: Commissions, Fees and Charges

44. Commissions, Fees and Charges

- 44.1 You shall pay to us such fees and charges (including, without limitation, spreads, charges and other fees) ("**Commissions and Charges**") at such rates as are notified by us to you from time to time or published on our Online Trading Facility. By accepting these Terms and Conditions, you acknowledge that you have read, understood and accepted the information under the Spreads / Conditions schedule posted on our Online Trading Facility at <https://www.xm.com/spreads>, in which all such Commissions and Charges (including, without limitation, spreads, charges and other fees) are explained.
- 44.2 We reserve the right to amend, alter, modify, delete or add to any of these Commissions and Charges at any time and at our sole discretion. When these Commissions and Charges are modified (hereinafter referred to as "**Changes**") we will post such Changes on our Online Trading Facility and/or otherwise notify you of such Changes, each such notification of which shall be deemed as sufficient notice and it is your duty to consult and/or to check regularly the information posted under the Spreads / Conditions Schedule on our Online Trading Facility regarding any such Changes. Therefore, you should review the Spreads / Conditions Schedule on our Online Trading Facility from time to time so as to ensure that you will be aware of any such Changes. Except if, and then to the extent provided otherwise in this Agreement, all Changes shall be effective five (5) calendar days after their initial posting on our Online Trading Facility, or as of the first time that you access and/or use our Online Trading Facility after such amendments are made, whichever is sooner. Your continued use of our Online Trading Facility after the publication of any Changes shall be considered as your agreement to such Changes and shall be governed by those Terms and Conditions, as modified. If you do not wish to be bound by those Changes, you should cease to use our Online Trading Facility, and inform us in writing, immediately.
- 44.3 In the event that such Changes are to your advantage, or the grounds for such Changes are due to external circumstances beyond our reasonable control, we are entitled to modify such Commissions and Charges with immediate effect. In such a case you will inform you of the Changes as soon as practicably possible. Such circumstances may include, without limitation: (a) Changes in the relationship with our counterparties, which affect our cost structures; (b) Changes in commissions and charges from exchanges, clearing houses, information providers or other third party providers that are passed on by us to you.

45. Other Fees and Charges

- 45.1 In addition to the Commissions, Fees and Charges mentioned above, you shall be responsible for the payment of any other fees and charges that may be incurred as a result of the provision of our Services to you, including, without limitation, all applicable VAT (if any) and other duties and/or taxes, and all other fees incurred by us in connection with any Transaction and/or Contract and/or in connection with maintaining a client relationship with you.
- 45.2 We shall be entitled to demand that the following fees and/or expenses are paid separately by you: (a) all extraordinary disbursements resulting from our client relationship e.g. telephone, telefax, courier, and postal expenses in the event that you request hardcopy Trade Confirmations, Account Statements etc. which we could have delivered in electronic form; (b) any expenses we may incur, caused by non-performance by you, including a fee determined by us in relation to forwarding of reminders, legal assistance etc.; (c) any expenses we may incur in connection with replies to inquiries by public authorities, including, without limitation, a fee determined by us in relation to forwarding of transcripts and enclosures and for the preparation of copies; (d) administration fees in connection with Security deposits, and any expenses we may incur in relation to a pledge, if provided, including any insurance premium payments; (e) transaction fees, in the event that no significant trading activity is developed in your Account; (f) any expenses we may incur in connection with auditor's comments/reports if such is requested by you; (g) swaps/rollover fees (h) a fee for any type of abuse/prohibited trading activity performed in your trading account either solely or in connection with other clients of our company; Regarding the latter, where our business relationship has been terminated but you, however, managed to successfully open an account and trade with our company due to any technical and/or human error, we reserve every right to immediately close your account upon identification, nullify any profit/loss generated and refund the original amount of deposit, excluding any deposit and withdrawal charges, back to the

same source of deposit.

Any such fees and/or expenses will be totaled and expressed both as cash amount and as percentage. We reserve the right to introduce new fees.

- 45.3 In addition, we (and/or our Associates, Affiliates or other third parties) may share and/or benefit from commission, mark-up, mark-down or any other remuneration in respect of any Transactions and/or Contracts entered into by us and/or in respect of any Transactions and/or Contracts carried out on your behalf. Details of any such remuneration or sharing arrangement will not be set out on the relevant Trade Confirmations. We may, upon reasonable request, to the extent possible and at our sole discretion, disclose to you the amount of any such commission, mark-up, mark-down or any other remuneration paid by us to any Associate, Business Introducer or other third party.
- 45.4 In the event that you instruct us to transfer open positions, moneys, and/or other Assets relating to your Account to another institution, you agree to pay us a transfer fee, as determined by us at our sole discretion.
- 45.5 Unless determined and stated otherwise, all Commissions and Charges and other fees and charges shall be regarded as being due and payable immediately. Unless specified otherwise in these Terms and Conditions, any sums due to us pursuant to these Terms and Conditions may be deducted by us from the proceeds of any transaction or debited from your Account(s) with us. In the event of late payment by you overdue amounts shall bear interest at a rate that we shall reasonably determine.
- 45.6 Unless specified otherwise in these Terms and Conditions, all amounts due to us (or to any agents used by us) shall, at our sole discretion: (a) be deducted from any funds held by us for you; or (b) be paid by you in accordance with the provisions of the relevant difference account, Trade Confirmation or other advice.
- 45.7 If your Account(s) remain inactive for twelve (12) months, we reserve the right to charge you a one-off account maintenance fee of USD 15 (or currency equivalent), followed by a monthly fee of USD 5 for each month that the Account remains inactive in accordance with sub-clause 61.3. We reserve the right to change the 12-month inactivity period as we deem necessary.

46. Currency Conversion

- 46.1 Any deductions and credits applied to your Account will be in your Base Currency. Where the relevant primary currency of the Financial Instrument is different to your Base Currency, all calculations of deductions and credits will be undertaken in the Financial Instrument's primary currency and converted into your Base Currency at the current currency conversion rate. We shall be entitled to add a mark-up to the exchange rates. The prevailing mark-up will be defined in the Spreads/Conditions schedule on our Online Trading Facility.
- 46.2 If we receive or recover any amount in respect of any of your obligations in a currency other than that in which such amount is payable, whether pursuant to a judgment of any court or otherwise, you will indemnify us and hold us harmless from and against any cost (including costs of conversion) and loss suffered by us as a result of receiving such amount in a currency other than the currency in which it is due.
- 46.3 We shall be entitled, but shall not in any circumstances be obliged, to convert:
- a. any realized gains, losses, option premiums, commissions, interest charges and brokerage fees which arise in a currency other than your Base Currency to your Base Currency;
 - b. any cash currency deposit to another cash currency deposit for the purpose of purchasing an asset de-nominated in a currency other than your Base Currency;
 - c. any funds held by us for you into such other currency as we consider necessary or desirable to cover your obligations and liabilities in that currency.

47. Pricing of OTC Transactions

- 47.1 In respect of any OTC Transactions to be effected, we shall be entitled to provide Price Quotes at which we are prepared to trade with you. Save where we exercise any rights we may have under these Terms

and Conditions to close a Transaction and/or Contract, it is your sole responsibility to decide whether or not you wish to enter into such a Transaction and/or Contract at such prices.

48. Prohibited Trading Techniques

48.1 Circumvention and Reverse Engineering: You shall not unlawfully access or attempt to gain access, reverse engineer or otherwise circumvent any security measures that we have applied to our Online Trading Facility and/or computer system(s). If, at our sole discretion, we were to determine that you are in breach of this clause, we reserve the right to take all action as we see fit, including, without limitation, completely blocking access to our Online Trading Facility, blocking and/or revoking your Access Codes and/or terminating your Account. Under these circumstances, we reserve the right to seize any profits and/or revenues generated directly or indirectly by exercising any such prohibited trading activity and we shall be entitled to inform any interested third parties of your breach of this clause; we have, and will continue to develop any tools necessary to identify fraudulent and/or unlawful access and use of our Online Trading Facility; any dispute arising from such fraudulent and/or unlawful trading activity will be resolved by us in our sole and absolute discretion, in the manner we deem to be the fairest to all concerned; that decision shall be final and/or binding on all participants; no correspondence will be entered into.

48.2 Artificial Intelligence Software: It is absolutely prohibited to use any software, which we determine, at our sole discretion, to have as its purpose to apply any kind of artificial intelligence analysis to our Online Trading Facility and/or computer system(s) with an ultimate purpose of gaining unfair advantage and exploiting our trading facility; in the event that we determine, at our own discretion, that any such artificial intelligence software has been used, or is being used, we reserve the right to take all action as we see fit, including, without limitation, completely blocking access to our Online Trading Facility, blocking and/or revoking your Access Codes and/or terminating your Account. Under these circumstances, we reserve the right to seize any profits and/or revenues generated directly or indirectly by exercising any such prohibited trading activity and or charge you with extra fees. In addition, we shall be entitled to inform any Interested third parties of your breach of this clause; we have, and will continue to develop any tools necessary to identify fraudulent and/or unlawful access and use of our Online Trading Facility; any dispute arising from such fraudulent and/or unlawful trading activity will be resolved by us in our sole and absolute discretion, in the manner we deem to be the fairest to all concerned; that decision shall be final and/or binding on all participants; no correspondence will be entered into.

Moreover, it is absolutely prohibited to use any software in such a way which can cause serious negative impact on the performance of our servers and may prevent us from achieving the best possible result for our clients as regards the execution of their orders. In the event that we identify any such activity, we reserve the right to take all actions as we see fit, including, without limitation, completely blocking access to our Online Trading Facility, blocking and/or revoking your Access Codes and/or immediately terminating your Account. Moreover, you acknowledge that once your Account has been terminated we may liquidate any outstanding contracts/positions you have with us. In view of the above, please note that you will be strictly prohibited from opening any new trading Account(s) and trade with our Company. Nonetheless, in cases where you may successfully open an Account and trade with our Company due to any technical and/or human error, we reserve every right to immediately close your Account upon identification, nullify any profit/loss generated and refund the original amount of deposit, excluding any deposit and withdrawal charges.

48.3 Unlawful trading techniques: Internet, connectivity delays, and price feed errors sometimes create a situation where the price(s) displayed on our Online Trading Facility do(es) not accurately reflect the market rates. The concept of using trading strategies aimed at exploiting errors in prices and/or concluding trades at off-market prices and/or by taking advantage of internet delays (commonly known as “**arbitrage**”, “**sniping**” or “**scalping**” hereinafter, collectively, referred to as “**Arbitrage**”), cannot exist in an OTC market where the client is buying or selling directly from the principal; accordingly, we reserve the right, at our sole discretion, NOT to permit the abusive exploitation of Arbitrage on our Online Trading Facility and/or in connection with our Services; any Transactions or Contracts that rely on price latency arbitrage opportunities may be revoked, at our sole discretion and without prior notice being required; furthermore, in those instances, we reserve the right, at our sole discretion and without prior notice being required: (a) to make the necessary corrections or adjustments on the Account(s) involved (including, without limitation, adjusting the price spreads available to the client); (b) to restrict the

Account(s) involved access to streaming, instantly tradable quotes (including, without limitation, providing manual quotations only and submitting any Orders to our prior approval); (c) to retrieve from the Account(s) involved any historic trading profits that we can document as having been gained through such abuse of liquidity at any time during the client relationship; (d) to terminate the client relationship and/or close all Accounts involved (including, without limitation all other Accounts held by the same Account holder with us) immediately by giving written notice; and/or (e) to inform any interested third parties.

48.4 Any indication or suspicion, in XM's sole discretion, of any form of arbitrage (including but not limited to risk free profiting), abuse (including but not limited to participant's trading activity patterns that indicate that the participant solely aims to benefit financially without being genuinely interested in trading in the markets and/or taking market risk), internal hedging in coordination with other parties, abuse of our 'no negative balance' policy, fraud, manipulation, cash-back arbitrage or any other forms of deceitful or fraudulent activity, will constitute all Transactions carried and/or profits or losses garnered as invalid. In these circumstances, we reserve the right to close/suspend (either temporarily or permanently) all of the Client's trading Accounts and/or cancel all Transactions. In view of the above, please note that you will be strictly prohibited from opening any new trading Account(s) and trade with our Company. Nonetheless, in cases where you may successfully open an Account and trade with our Company due to any technical and/or human error, we reserve every right to immediately close your Account upon identification, nullify any profit/loss generated and refund the original amount of deposit, excluding any deposit and withdrawal charges.

48.5 We have, and will continue to develop any tools necessary to identify fraudulent and/or unlawful access and use of our Online Trading Facility; any dispute arising from such fraudulent and/or or unlawful trading activity will be resolved by us in our sole and absolute discretion, in the manner we deem to be the fairest to all concerned; that decision shall be final and/or binding on all participants; no correspondence will be entered into.

48.6 **Changes in Market conditions:** Please note that we shall have no obligation to contact you to advise upon appropriate action in light of changes in Market Conditions (including, without limitation, Market Disruptions) or otherwise. You acknowledge that the Over-The-Counter Market in leveraged Financial Instruments is highly speculative and volatile and that, following execution of any transaction, you are solely responsible for making and maintaining contact with us and for monitoring open positions and ensuring that any further instructions are given on a timely basis. In the event of any failure to do so, we can give no assurance that it will be possible for us to contact you and do not accept liability for loss alleged to be suffered as a result of any failure by you to do so.

48.7 **Indemnification:** Without prejudice to any other provisions of this Agreement, you agree to indemnify us and hold us, and any of our Associates, harmless from and against any and all liabilities, losses, damages, costs and expenses, including, without limitation, legal fees and expenses incurred in connection with and/or directly or indirectly related with, any fraudulent and/or unlawful access and use by you of our Online Trading Facility and/or the prevention and/or remediation thereof, provided that any such liabilities, losses, damages, costs and expenses would not have not arisen, but for our gross negligence, fraud or willful default.

55.7 If we are unable to remit the funds, or any partial amount thereof, to the same remitter from, and by the same payment method through which such funds were initially received by us, we reserve the right (but shall under no circumstances be obliged) to transmit the funds via an alternative payment method selected by us, at our sole discretion, in any currency we deem fit (regardless of the currency in which the initial deposit was made). 58. Netting Agreement

58.1 All trades between you and us are entered into in reliance on the fact that this Agreement and all trades form a single agreement between the parties, and that we would not otherwise enter into any trades with you.

58.2 If we exercise our rights under this clause, all payment obligations will be consolidated into a single obligation for us to pay a net sum to you, or for you to pay a net sum to us. If the aggregate amount that is payable by one Party exceeds the aggregate amount that is payable by the other Party, then the Party by whom the larger aggregate amount is payable shall pay the excess to the other Party and the obligations to make payment of each party will be satisfied and discharged.

58.3 This netting agreement shall be binding on all Parties to this Agreement and on the estate and/or creditors of all Parties to the client relationship under this Agreement.

58.4 Where the Company identifies or determines, at its reasonable discretion, that you engaged in any form of arbitrage or abuse, either solely or in connection with other clients of our Company (including but not limited to risk-free profiting), to solely benefit financially without being genuinely interested in trading in the markets and/or taking market risk), it may, at its sole discretion, exercise its rights under this Agreement, without your authorization or prior notice, and close your Open positions and/or close your Account, combine and consolidate your Account with any or all other Accounts held in your name with the Company (including any Account that you hold with any Associate of the Company), and set-off against each of your Account's balance (including profit or losses on Open Positions).

58.5 If the client relationship is terminated, then the claims that the Parties have against each other shall be finally discharged by means of netting (closed). The value of any open Contracts shall be determined

according to the principles set forth below and the final amount to be paid by one of the Parties shall be the net difference between the payment obligations of the Parties.

59. Client Funds and Assets

- 59.1 All Assets (including, without limitation, cash, or only in those instances in which we may agree otherwise, other assets, such as collateral (by which we mean investments, securities, bonds or any other financial instrument, property or asset acceptable to us in lieu of cash) handed over by you to us, or which we hold on your behalf for the provision of our Services ("**Client Funds**"), will be held in one or more accounts opened with a central bank or credit institution or bank within the European Economic Area ("**EEA**"), or with a bank authorized in a third country or a qualifying money market fund or any electronic payment providers/processors approved by us, and will be segregated and held separately from the Company's own funds in accordance with the applicable **CySEC Rules**. In the event of our insolvency, Client Funds will be excluded from the assets available to our creditors. The Company reserves its right not to comply with the latter where it is able to demonstrate that, in view of the nature, scale and complexity of its business, and also the safety offered by the third parties referred to herein, and including in any case the small balance of Client Funds that the Company holds, this requirement is not proportionate.
- 59.2 We may, however, hold all or part of your Client Funds with a credit institution or bank outside an EEA country and in such circumstances the legal and regulatory regime may differ from that applicable in an EEA country, with the effect that in the insolvency or equivalent failure of such credit institution or bank, the treatment afforded to your Client Funds may be different from the treatment afforded if your Client Funds were held in an account with a credit institution or bank subject to an EEA state's laws. We will not be liable for any failure or insolvency of any custodian, credit institution, bank or third party holding your Client Funds within or outside the EEA; however, applicable investor compensation or deposit protection schemes may protect a proportion of your Client Funds that are held with any with a credit institution or bank or third party.
- 59.3 Unless you notify us beforehand and in writing, we may allow a third party, such as an exchange, a clearing house or an intermediate broker to hold all control all or part of your Client Funds, where we transfer your Client Funds: (a) for the purposes of a Transaction and/or Contract you have entered into, or are entering into with such third party; or (b) to meet your obligations to provide Collateral or Margin for a Transaction and/or Contract (e.g. an initial Margin requirement for a derivative Transaction).
- 59.4 Your Client Funds may be pooled with the funds of other clients in a general omnibus account. In such case, there is a risk that the Client Funds could be withdrawn or used to meet obligations of other Clients, or that the balance of assets held by the third party does not reconcile with the quantity which the third party is required to hold, and the Client may not in such circumstances receive its full entitlement of Client Funds. In some jurisdictions, it may not be possible to identify separately the Client Funds which a third party holds for Clients from those which it holds for itself or for the Company, and there is a risk that the Client Funds could be withdrawn or used to meet the obligations of the third party, or lost altogether if the third party becomes insolvent.
- 59.5 You hereby authorize us to make any deposits and withdrawals from your Account with us on your behalf, including, without limitation and prejudice to the generality of the above, withdrawals for the settlement of all Transactions undertaken and/or Contacts entered into under these Terms and Conditions, as well as for the settlement of any and all amounts which are payable by you, or on your behalf, to us or any other person under and/or pursuant to these Terms and Conditions.
- 59.6 Unless otherwise determined and stated "*in the terms agreed upon by mutual consent of the Parties*", any amount payable by us to you, shall be paid directly to you and not to any other Person, except in those instances there this has been agreed upon by mutual consent of the Parties.
- 59.7 Without prejudice to any other provisions of this Agreement, we may, at our sole discretion, from time to time and without your prior authorization, set-off any amounts held on your behalf against your obligations to us and/or merge any of your Accounts with us.

- 59.8 We do not pay interest to you on any Client Funds, or money that you transfer to us, unless we have expressly agreed to do so in writing.
- 59.9 You will not grant any security interest over any Client Funds held in your Account, or any claim against us for money due to you, to any person other than us.
- 59.10 Where any amounts owed by you to us under the Agreement are due and payable to us, in accordance with the Client Funds rules we shall cease to treat such funds as Client Funds so much of any Client Funds held on your behalf as equals those amounts. You agree that we may apply that money in or towards satisfaction of all or part of those amounts due and payable to us. For the purposes of this clause, any such amounts owed by you to us under this Agreement become immediately due and payable, without notice or demand by us, when incurred by you or on your behalf.
- 59.11 You are entitled to withdraw the funds from your Account which are not used for Margin covering, without closing your Account.
- 59.12 We may transfer any money we hold for you as Client Funds (after deduction of any amounts permitted by the terms of this Agreement) to another legal entity (including any of our group companies) where we transfer all or part of our business to that entity and your Client Funds relate to the business transferred. Where we transfer your Client Funds to another legal entity under this clause we shall require that such Client Funds will be held by that entity for you in accordance with the Client Money Rules.
- 59.13 You agree that we shall be entitled to treat Client Funds as due and payable to us, to the extent that all or any part of the obligations owed by you to us under this Agreement are due and payable to us but unpaid.
- 59.14 An employee of the Company of sufficient skill and authority is appointed as the designated officer with specific responsibility for matters relating to the Company's compliance with its obligations regarding the safeguarding of Client Funds and Financial Instruments.
- 59.15 Where your Account is inactive for a period of five (5) years with a positive balance (i.e., there are funds available in your Account) and during that period no transactions have been carried out in relation to the account or on the instructions of the holder of the Account and we are unable to contact you after we take reasonable efforts to achieve this, we will have the right to cease treating those funds as Client Money and make a deduction from your Account in accordance with sub-clause 45.7. If you later make a valid claim to us, we may pay you any amount owed to you by us.

60. Assessment of Institutions Holding Client Funds

- 60.1 As per our risk management and compliance processes aiming in the protection of Client Funds, all institutions with which we intend to hold Client Funds need to be reviewed and assessed prior to the establishment of the business relationship. The assessment process takes into consideration both qualitative and quantitative criteria. Such criteria include, but are not limited to, the market reputation of the institution, the country of its establishment, regulation status, credit ranking of the institution and of the country of establishment (if available).
- 60.2 Our assessment process follows a sophisticated scoring process designed in three stages. The first stage involves the gathering of the necessary information and documentation and is performed by a senior officer of our Company. The second stage involves the assessment of the information gathered and ranking this information based on the designed scoring process. The second stage is undertaken by the Compliance Officer and/or the Risk Manager of our Company. In cases where the final score meets the minimum required passing score, then, as the third and final stage, a Director of our Company needs to evaluate the assessment and approve the establishment of the business relationship. In cases where the final score does not meet the minimum required passing score the assessment concludes at the second stage and no business relationship is established with the particular institution.
- 60.3 Without prejudice to sub-clause 60.2, we may establish a business relationship with an institution which failed the assessment process provided that (a) an Executive Director will exceptionally approve the establishment of the business relationship, (b) the reasons of the exceptional approval are well documented and held by the Company and (c) limits are being imposed on the maximum amount of Client Funds to be held with the

particular institution. The limits imposed will be monitored by the risk manager of the Company and revised if and as necessary.

61. Dormant and Archiving Policy

61.1 In the event that there is no activity (trading/withdrawals/deposits/internal transfer) in all of your Accounts for a set period of at least ninety (90) calendar days we will regard your Accounts to be “**dormant**”. An Account shall be deemed as dormant from the last day of the ninety (90) calendar days in which there has been no activity (trading/withdrawals/deposits/internal transfer) in the Account.

61.2 Any pending orders may be deleted from dormant accounts.

61.3 Dormant Accounts will be charged with a monthly dormant fee of USD 5 (five United States Dollars) or the full amount of the free balance in the Account if the free balance is less than USD 5 (five United States Dollars). There will be no charge if the free balance in the Account is zero. Following the implementation of the dormant fees, the dormant account will automatically be regarded as archived.

61.4 Accounts with free balance less than USD 5 (five United States Dollars), are deemed as archived on the last day of the 90 (ninety) calendar days during which there was no activity in them (i.e., log in/trading/withdrawals/deposits/internal transfer).

62. Islamic/Swap-Free Accounts

62.1 We offer the possibility to open Islamic (Swap-free) Accounts with us. Swap-free trading accounts are available only to those clients who cannot use swaps owing to their religious beliefs. Accordingly, in all instances where a request for an Islamic (Swap-free) Account is filed with us, we reserve the right to require an adequate justification for and/or proof of the necessity or need of any such conversion. Furthermore, we reserve the right to refuse the processing of any such request for any reason whatsoever, without being obliged to provide any explanation or justification.

While a client may file a request for an Islamic (Swap-free) trading account at any time, the filing of any such request entails that all of such client's other real trading Accounts with us will be converted into Swap-free trading accounts also, without any further notice being required. Conversion of a real trading Account to a Swap-free trading account is performed only upon the request and consent of those clients who complete and submit a request for an Islamic (Swap-free) Account. Upon the receipt of such a duly signed and executed request, we shall evaluate request and any ancillary documentation submitted to us and shall inform the client who requested the conversion by e-mail whether the request is accepted or not.

62.2 Clients are not allowed to use Swap-free Accounts to make profits from Swaps and may not request the payment of any Swap amounts that have been lost as a result of converting their real trading Account(s) into one or more Swap-free Account(s) for the period during which their real trading Account(s) has/have been converted into one or more Swap-free account(s).

62.3 We reserve the right to revoke the Swap-free status granted to any real trading Account at any time without being obliged to provide any explanation or justification. Furthermore, in the event that we detect any form of abuse, fraud, manipulation, cash-back arbitrage, carry trades, or other forms of deceitful or fraudulent activity in regard to any Swap-free Account of any client, we reserve the right, at any time, (a) with immediate effect, to revoke the Swap-free status from any and all real trading Accounts of such client that have been converted to a Swap-free trading Account; (b) to correct and recover any un-accrued Swaps and any related un-accrued interest expenses and/or costs pertaining to any and all of such client's Swap-free trading Accounts during the period for which such Accounts were converted into Swap-free trading Accounts; and/or (c), with immediate effect, to close all trading Accounts of such client with us, nullify all trades carried out in such client's trading Accounts with us and cancel and all profits or losses garnered in such client's trading Accounts with us.

Chapter H: General Provisions

63. Market Making

63.1 You are specifically made aware that in certain markets, including the foreign exchange markets, OTC foreign exchange options and CFD Contracts, we may act as a “**Market Maker**”, i.e., we may take the risk of holding a certain number of Supported Financial Instruments in order to facilitate trading in these Financial Instruments by displaying/quoting ‘bid’ and ‘ask’ prices (‘buy’ and ‘sell’ quotations) for such Supported Financial Instruments on our Online Trading Facility and filling Orders received in respect to such Supported Financial Instruments from our own inventory or seeking an Offsetting Order.

63.2 In order for us to provide Price Quotes with the swiftness normally associated with speculative trading, we may have to rely on available price or available information that may later prove to be faulty due to specific market circumstances, for instance, but not limited to, lack of liquidity in, or suspension of an Underlying Financial Instrument or asset or errors in feeds from information providers or in Price Quotes from our counterparties. In these circumstances, provided that we have acted in good faith when providing the relevant Price Quote to you, we may cancel the relevant Transaction and/or Contract with you, but shall do so within reasonable time and shall provide you with a full explanation for the reason of such cancellation.

63.3 Following execution of any position with you, we may, at our reasonable discretion, subsequently off-set each such position with you with another client position or with a position with one of our counterparties, or we may decide to retain a proprietary position in the Market with the intention to obtain trading profits from such positions. Such decisions and actions may therefore result in us off-setting client positions at prices different – sometimes significantly different – from the Price Quotes provided to you, resulting in trading profits or losses for us. This in turn can raise the possibility of you incurring, what may be seen as, an implied cost (i.e., the difference between the price at which you traded with us and the price at which we subsequently traded with our counterparties and/or other clients), due to any profits realised by us as a result of the Market Making function. Please also note, however, that the Market Making function may involve significant costs to us, if the market moves against us in comparison to the price at which we traded with you.

63.4 You accept that, in such Markets where we act as Market Maker, we may hold positions that are contrary to your positions and/or the positions of certain other of our clients, resulting in potential conflicts of interest between us, and any such other of our clients.

63.5 In Markets, where we act as a Market Maker, you accept that we have no obligation to quote prices to you and/or any of our other clients, at any time in any given Market, nor shall we have an obligation to provide such Price Quotes to you and/or any of our other clients with a specific maximum spread.

63.6 You acknowledge, recognise and accept that the Price Quotes provided to you include a ‘spread’ when compared with the price for which we may have covered or expected to be able to ‘cover’ the Transaction or Contract in a trade with another client or a counterparty; furthermore, you acknowledge, recognise and accept that said ‘spread’ constitutes remuneration to us and that such ‘spread’ cannot necessarily be calculated individually for all Transactions and/or Contracts and that such ‘spread’ will not be specified at the Settlement/Trade Confirmation or otherwise revealed to you.

63.7 Any commission costs, interest charges, costs associated to and included in the ‘spreads’ that are part of the Price Quotes provided by us as a Market Maker in certain Markets, and any other fees and charges will consequently influence your trading result(s) and may have a negative effect on your trading performance compared to a situation in which such commission costs, interest charges, costs associated to and included in the ‘spreads’, would not apply.

63.8 Whilst dealing ‘spreads’ and commissions are normally considered moderate seen in relation to the value of the Financial Instruments traded, such costs may be considerable when compared with your Margin deposit. As a consequence thereof, your Margin deposit may be depleted by the trading losses, which you may incur and by the directly visible dealing costs such as commissions, interest charges and brokerage fees, as well as by the afore-mentioned invisible costs for you that are caused by our

performance as a Market Maker.

63.9 If you are an active trader and you are undertaking numerous Transactions and/or Contracts, the total impact of visible as well as invisible costs may be significant. Consequently, you may have to obtain significant profits in order to cover the costs associated with the trading activities you undertake with us as a Market Maker. For very active clients, such costs may over time exceed the value of the Margin deposited with us. Normally, when trading Margined derivatives, the lower the percentage of the applicable Margin rate, the higher the proportion of the costs associated with executing a Transaction and/or Contract.

63.10 You are hereby specifically made aware that in the area of Market Making in foreign exchange, CFD Contracts and other OTC products, significant implied costs can arise as a consequence of the profits made by us performing in our capacity as a Market Maker; thus, our performance as a Market Maker may negatively affect your Account with us and the said associated costs may neither directly visible nor directly quantifiable for you at any time.

63.11 You are hereby specifically made aware that CFDs may be OTC products quoted by us whilst operating as a Market Maker, and are not traded on a recognised stock exchange. As a result, the description above of the implied, not visible costs related to our performance as a Market Maker, may also apply to any CFD Contract.

64. Conflicts of Interest

64.1 The Company is required to take all appropriate steps to identify, prevent or manage conflicts of interests. As part of its commitment to acting honestly, fairly, professionally and in the best interests of its clients and to complying with the MiFID II requirements, the Company maintains and implements a conflicts of interest policy ("**Conflicts of Interest Policy**"). The **Conflicts of Interest Policy**, as amended or extended from time to time, sets out all appropriate steps the Company takes to identify and prevent or manage conflicts of interest which may arise between the Company and its clients or between one client and another, that arise/may arise in the course of providing any investment and ancillary services, or combinations thereof, including the Company's own remuneration scheme and other incentive structures. Accordingly, this Policy sets out the necessary procedures, controls and practices in place to ensure that any conflicts of interest are identified and prevented or appropriately managed. Where the measures taken to prevent conflicts of interest from adversely affecting the interest of the clients are not sufficient to ensure, with reasonable confidence, that risks of damage to client interests will be prevented, the Company shall clearly disclose to the client, in a durable medium, the general nature and sources of conflicts of interest as well as the risks to the client that arise as a result of the conflicts of interest and the steps taken to mitigate those risks before undertaking business on its behalf.

64.2 A summary of our **Conflicts of Interest Policy** is available on our Online Trading Facility. Our Conflicts of Interest Policy is a policy only, it is NOT part of these Terms and Conditions and is not intended to be contractually binding or impose or seek to impose any obligations on us which we would not otherwise have, but for the *Cyprus Investment Services and Activities and Regulated Markets Law of 2017 (Law 87(I)/2017)*.

65. Product Governance Arrangements

65.1 The Company is required, when manufacturing and/or distributing financial instruments, to establish, implement and maintain policies, procedures and measures to ensure that the manufacturing and/or distribution of financial instruments comply with the relevant product governance requirements of MiFID II, in a way that it is appropriate and proportionate, taking into account the nature of the financial instrument, the investment service(s) and the needs and circumstances of the Target Market for that financial instrument.

65.2 The Company ensures that the design of the financial instrument, including its features, does not adversely affect its Clients or does not lead to problems with market integrity by enabling the Company to mitigate of its own risks or its exposure to the underlying assets of the product, where the Company already holds the underlying assets on own account.

65.3 In general, the Target Market compatible with the financial instruments manufactured and/or distributed by the Company is the group of clients with the following needs, characteristics and objectives:

- Client categorisation: Retail client, or professional client or eligible counterparty.
- Level of knowledge and/or experience: Sufficient with regard to the financial instruments manufactured and/or distributed by the Company.
- Financial situation with a focus on the loss-bearing ability: Willing and able to bear total loss of his/her investment.
- Risk tolerance and compatibility of the risk/reward profile of the financial instruments with the target market: The Summary Risk Indicator ("SRI") score for the financial instruments manufactured and/or distributed by the Company is 7 out of 7. The SRI is a guide to the level of risk of financial instruments manufactured and/or distributed by the Company compared to other financial instruments. It shows how likely it is that these financial instruments will lose money because of movements in the markets. A SRI score of 7 out of 7 is the highest risk class.
- Investment objectives and needs: In most cases, the investment objective is of speculative nature with a short-term investment horizon.

66. Special Provisions for Managed Accounts, Introduced Accounts or Third Party Vendors

66.1 If your Account is being managed by a trading advisor or is introduced to us, you acknowledge and agree that we are responsible only for acting as counterparty to the you for Transactions and/or Contracts in your Account and that we have no responsibilities, or obligations regarding any conduct, action, representation or statement of any such Persons in connection with your Account or any Transactions therein. You understand that we make no warranties nor representations concerning such trading advisor or Affiliate/Introducer of Business, that we shall not be responsible for any loss to you occasioned by the actions of such trading advisor or Affiliate/Introducer of Business and that we do not, by implication or otherwise, endorse or approve of the operating methods of such trading advisor or Affiliate/Introducer of Business. You further acknowledge and agree that: (a) any trading advisor or Affiliate acts as an independent intermediary for you; (b) unless you have been expressly advised otherwise in writing by us, no such person is an affiliate, employee or agent of us; (c) no such Person is authorised to make any representations concerning us or the Services to be provided by us hereunder, except as may be expressly authorized in writing by us; (d) we do not bear any responsibility whatsoever for whatever agreements reached by and between you and any such trading advisor or Affiliate/Introducer of Business; (e) your agreement with any such trading advisor or Affiliate/Introducer of Business may result in additional costs, since we may be obliged to pay commission fees or charges to such trading advisor or Affiliate/Introducer of Business.

66.2 You agree to waive any claims, which you may have against us, and to indemnify and hold us harmless for any actions or omissions of any such Affiliate or any of its associated persons.

67. Acknowledgements

67.1 You acknowledge, recognize and understand that trading and investments in leveraged as well as non-leveraged Transactions and/or Contracts is: (a) highly speculative; (b) may involve an extreme degree of risk; and (c) is appropriate only for persons who, if they trade on Margin, can assume a substantial risk of loss.

67.2 You further acknowledge, recognise and understand that: (a) because of the low level of Margin normally required in highly-leveraged transactions, price changes in the Underlying Financial Instrument may result in significant losses; (b) certain Market Conditions may make it difficult or impossible to execute Orders at a stipulated price; (c) when you instruct us to enter into any Transaction and/or Contract, any profit or loss arising as a result of a fluctuation in the value of the Financial Instrument or the Underlying Financial Instrument will be entirely for your account and risk; (d) we will NOT provide any type of advice to you (e.g., investment advice, tax advice, etc.); therefore, you agree not to hold us responsible for any losses incurred as a consequence of following any of our suggestions or those of our employees, associates or

representatives, unless we have exercised gross negligence in connection herewith; (e) we shall not conduct any continuous monitoring of the Transactions and/or Contracts entered into by you; accordingly, we cannot be held responsible for any Transactions and/or Contracts developing differently from what you might have presupposed and/or to your disadvantage; (f) guarantees of profit or freedom from loss are impossible in investment trading; (g) you have received no such guarantees or similar representations from us, nor from any of our Associates, from any Affiliate, or representatives hereof.

67.3 In light of the risks, you should undertake such transactions only if you understand the nature of the trading into which you are about to engage and the extent of your exposure to risk. Trading in leveraged Financial Instruments is not suitable for many members of the public and you should carefully consider whether such trading is appropriate for you in light of your experience, objectives, financial resources and other relevant circumstances. You acknowledge and confirm that you have been advised and understand the following factors concerning trading in leveraged Financial Instruments in the Over-the-Counter Market, in addition to those contained in the **Risk Disclosure** document posted on our Website.

- a. General:** When you enter into foreign currency contracts with us, you will be entering into a privately negotiated Transaction and/or Contract with us, as Principal. We may, in turn, enter into "back-to-back" transactions with others, including our Associates and third party counterparties. We include our mark-up in the Price Quotes we provide to you. The Transactions and/or Contracts in leveraged Financial Instruments you may be entering into with us are NOT executed on a regulated exchange and are not cleared on a central clearing organization. Consequently, any Transaction and/or Contract entered into with us will be an obligation on our part (as opposed to an obligation of a clearinghouse as in the case of an exchange-traded contract) and you will not be afforded the regulatory and financial protections offered by exchange-traded contracts. Both of us are, therefore, obliged to perform our respective obligations under each Transaction and/or Contract in accordance with its terms. The terms of each Transaction and/or Contract are set out in these Terms and Conditions (which apply to every Transaction and/or Contract you enter into with us) and the Settlement/Trade Confirmation (which applies to each particular Transaction and/or Contract). Because each Transaction and/or Contract is a transaction between you and us, and is not cleared on a central clearinghouse, you will not be able to transfer your obligations under the Transaction and/or contract to another Person without our prior consent. In addition, we are under no obligation to terminate or close out the Transaction and/or Contract prior to the expiration date of that Transaction and/or Contract. We may, but are not obligated, to quote you a price for an early close out of a Transaction and/or Contract, on request.
- b. Effect of "Leverage" or "Gearing":** Transactions in leveraged Financial Instruments carry a high degree of risk. The amount of Initial Margin may be small relative to the value of the Financial Instruments traded so that Transactions and/or Contracts are 'leveraged' or 'geared'. A relatively small market movement may have a proportionately larger impact on the funds you have deposited or will have to deposit: this may work against you as well as for you. You may sustain a total loss of initial Margin funds and any additional funds deposited with us to maintain your position. If the Market moves against your position or Margin Levels are increased, you may be called upon to pay substantial additional funds on short notice to maintain your position. You may sustain a total loss of initial Margin funds and any additional funds deposited with us to maintain your position. We reserve the right to liquidate positions without prior notice in the case of any Margin shortfall or if you fail to comply with a request for additional funds within the time prescribed. Furthermore, you should be aware that we and/or Associates may from time to time have substantial positions in, and may make a market in or otherwise buy or sell instruments similar or economically related to, Transactions and/or Contracts entered into with you. In addition, we may also undertake proprietary trading activities, the initiation or termination of a foreign currency contract transaction with you that may adversely affect the Market price or other factors underlying the Transactions and/or Contracts entered into with you and consequently, the value of such Transaction and/or Contract.

XM may at any time, and from time to time, amend the leverage ratios (e.g., decrease or increase the leverage ratios) in its sole discretion and without any notice on a case by case basis on all or any Accounts of the Professional Client and based on any parameter it chooses, including applying different leverage ratios to different investments or times or in relation to external events such as government announcements or any news. Any change in the leverage ratio may take effect before or after an Order is completed. A decrease in the leverage ratio will affect your Margin Level, Margin

Call Level, Stop-out Level and may trigger a Margin Call. We will not be liable to you for any loss arising from any change in the leverage ratios, even if that automatically causes any or all of your trading positions to be closed out or if your Account is treated differently from other clients' Accounts. For further information on the leverage offered per financial instrument, please refer to our website.

The said amendments shall not apply to Retail Clients, as Retail clients are only offered fixed leverage ratio(s) which varies according to the volatility of the underlying financial instrument to be traded (i.e., from 2:1 to 30:1). This may be subject to change, from time to time, according to any regulatory or legislative requirement. Any change in the leverage ratio may take effect before or after an Order is completed. We will not be liable to you for any loss arising from any change in the leverage ratios (e.g., due to regulatory or legislative requirements; release of important news announcements, etc.), even if that automatically causes any or all of your trading positions to be closed out.

Any monitoring conducted by XM is for compliance and risk management purposes and you should not rely on XM to monitor your trading or the effect of any change in the leverage ratios applying to your Account.

- c. **Option Transactions:** We currently do NOT offer foreign currency options.
- d. **Trading in Transactions in leveraged Financial Instruments is Speculative:** Prices of leveraged Financial Instruments are highly volatile. Price movements of Transactions and/or Contracts in leveraged Financial Instruments are influenced by, among other things, interest rates, changes in balance of payments and trade, domestic and international rates of inflation, international trade restrictions and currency devaluations and revaluations. For example, there can be serious Market Disruptions if economic or political events locally or overseas affect the market. It is not possible to foresee all risks in advance.
- e. **Electronic Trading Facilities:** Most Electronic Trading Facilities are supported by computer-based component systems for the Order-routing, execution, matching, registration or clearing of trades. As with all facilities and systems, they are vulnerable to temporary disruption or failure. Your ability to recover certain losses may be subject to limits on liability imposed by the system provider, the market, the clearing house and/or member firms. Such limits may vary.
- f. **Electronic Trading:** You will trade in leveraged Financial Instruments through our Online Trading Facility. Trading on an electronic trading system may differ not only from trading in an 'open-outcry' Market, but also from trading on other electronic trading systems. If you undertake transactions on an electronic trading system, you will be exposed to risks associated with the system including the failure of hardware and software. The result of any system failure may be that your Order is either not executed according to your instructions, is not executed at all and a lack of capability to keep you informed continuously about your positions and fulfilment of the Margin requirements. Since we do not control signal power, its reception or routing via internet, configuration of your equipment or reliability of its connection, we cannot be responsible for communication failures, distortions or delays when trading on-line via the Internet. We do, however, employ back-up systems and contingency plans to minimize the possibility of system failure, and trading via telephone is available in those instances where specifically agree, at our sole discretion, to do so.
- g. **Commissions and other charges:** Before you begin to trade, you should obtain a clear explanation of all commission, fees, mark ups, markdowns and other charges for which you will be liable as these charges will affect your net profit (if any) or increase your loss.
- h. **Risk-reducing and entry Order strategies:** The placing of certain Orders ('Stop-Loss' Orders or 'Stop-Limit' Orders, 'Entry Buy' Orders or 'Entry Sell' Orders) which are intended to limit risk, may not be effective because Market conditions may make it impossible to execute these Orders. Strategies using combinations of positions, such as 'spread' and 'straddle' positions may be just as risky as taking long or short positions. Clients' Orders will become Market Orders when the predetermined price level is reached, even if the price is considerably different from the original Order.
- i. **Suspension or restriction of trading and pricing relationships:** Market conditions (e.g., liquidity)

and/or the operation of the rules of certain Markets (e.g., the suspension of trading in any Financial Instrument or underlying Instrument because of price limits or "circuit breakers") may increase the risk of loss by making it difficult or impossible to effect Transactions and/or Contracts or liquidate/offset positions. Furthermore, normal pricing relationships between the Underlying Instrument and the Financial Instrument traded may not exist. The absence of a price for an Underlying Instrument may make it difficult to judge "fair" value.

- j. **Deposited cash and property:** You should familiarise yourself with the protections accorded to money or other property you deposit for domestic and foreign Transactions and/or Contracts, particularly in the event of a firm insolvency or bankruptcy. The extent to which you may recover your money or property may be governed by specific legislation or local rules. In some jurisdictions, property, which has been specifically identifiable as your own, will be pro-rated in the same manner as cash for purposes of distribution in the event of a shortfall. The Transactions and/or Contracts you are entering into with us are NOT traded on an exchange. Therefore, under applicable bankruptcy laws, your funds may NOT receive the same protections as funds used to Margin or guarantee exchange-traded Transactions and/or contracts, which may receive a priority in bankruptcy. Since that same priority has NOT been given to funds used for Transactions and/or Contracts in the Over-the-Counter (OTC) Market, if we were to become insolvent and you have a claim for amounts deposited or profits earned on Transactions and/or Contracts with us your claim may not receive priority. Without priority, you are a general creditor and your claim will be paid, along with the claims of other general creditors, from any funds still available after priority claims are paid. In these circumstances, even the Client Funds, which we keep separated from our own operating funds, may NOT in all instances be safe from the claims of other general and priority creditors.
- k. **Currency risks:** The profit or loss in Transactions and/or Contracts in leveraged Financial Instrument (whether they are traded in your own or in another jurisdiction) will be affected by fluctuations in currency rates where there is a need to convert from the currency denomination of the position taken to another currency.
- l. **Transactions in other jurisdictions:** Transactions on markets in other jurisdictions, including Markets formally linked to a domestic market, may expose you to further, additional risk. Such markets may be subject to regulation, which may offer different or diminished investor protection. Before you trade, you should enquire about any rules relevant to your particular Transactions and/or Contracts. Your local regulatory authority will be unable to compel the enforcement of the rules of regulatory authorities or markets in other jurisdictions where your Transactions and/or Contracts have been effected. You should enquire about the types of redress available in both your home jurisdiction and other relevant jurisdictions before you start to trade.
- m. **Quoting and Execution Errors:** Should quoting and/or execution errors occur, which may include, but are not limited to, a dealer's mistype of a quote, a quote or trade which is not representative of fair Market prices, an erroneous price quote, such as, but not limited to, a wrong big figure quote or an erroneous quote due to failure of hardware, software or communication lines or systems and/or inaccurate external data feeds provided by third-party vendors, we will not be liable for the resulting errors in your Account balances. In addition, Orders must be placed allowing sufficient time to execute, as well as, sufficient time for the system to calculate necessary Margin requirements. The execution of Orders placed too close to prices, which would trigger other Orders (regardless of Order type) or a Margin call, cannot be guaranteed. We will not be liable for the resulting Margin call(s), resulting balance, and/or positions in your Account due to the system not having been allowed sufficient time to execute and/or calculate accordingly. The foregoing list is not meant to be exhaustive and in the event of a quoting or execution error, we reserve the right to make the necessary corrections or adjustments on the Accounts involved. Any dispute arising from such quoting or execution errors will be resolved by us in our sole and absolute discretion. You agree to indemnify and hold us harmless from any and all damages or liability as a result of the foregoing. No correspondence will be entered into.
- n. **Off-Exchange Transactions:** The Transactions and/or Contracts you are entering into with us as counterparty are NOT traded on an exchange, but in the off-exchange/Over-the-Counter (OTC) Market. In general, the Over-The-Counter (OTC) Market is unregulated, there are no limitations on daily price movements (unless imposed by a government or central bank authority), no rules to

regulate valuation or settlement procedures, and no minimum financial requirements for market participants. Accordingly, it may be difficult or impossible to liquidate an existing position, to assess the value, to determine a fair price or to assess the exposure to risk. For these reasons, these transactions may involve increased risks. Off-exchange Transactions may be less regulated or subject to a separate regulatory regime. Before you undertake such Transactions, you should familiarize yourself with applicable rules and attendant risks.

67.4 In addition to the foregoing, it is important that you be fully aware of the following points:

- a. We reserve the right to close part, or all, of your open positions, in order to facilitate the charge of any fees or amounts due by you. Notwithstanding, you shall be liable for promptly paying such fee(s) to us, even if you suffer full loss of all Margin deposited by you.
- b. In case any Underlying Instrument is not available for trading for any reason (including but not limited to insolvency reasons, management decisions, etc.), we reserve the right to close any open/pending positions on the last quoted price as this is obtained from our liquidity providers.
- c. We do NOT guarantee any Order. Placing 'stops ("**Stops**")', regardless of the entry or closing designation, does not guarantee that the trade will be filled at the Order price. All 'Entry Stops' and 'Stops' will be filled, upon activation, at the first/best available market price, which may or may not match the requested Order price.
- d. In the event liquidity providers are unable to provide liquidity to us, your Order may experience delays in execution or you may not be able to place Orders entirely. The size of the Order may also impede the speed at which the Order is executed. Keep in mind that it is necessary to enter any Order only once. Multiple entries for the same Order may inadvertently open unwanted positions.
- e. While trading on our Online Trading Facility, you might encounter system errors that are resulted from hardware and/or software failures. The result of any system failure may be that your Order is either not executed according to your instructions, executing with account balance errors and discrepancies or not executed at all. We will not be liable for the resulting errors in your Account balances. We reserve the right to make the necessary corrections or adjustments on the Account involved.
- f. No system exists that could assure you that Transactions in leveraged Financial Instruments should bring you great benefits, nor is it possible to guarantee, that your Transactions and/or Contracts will yield favourable results.
- g. Even though the foreign currencies, commodities and indices markets are liquid as compared with other financial and exchange markets, the market conditions might at times render the execution of an Order or of a 'limit' on an Order (either 'Stop Loss' or 'Take Profit') at a stipulated price impossible. Accordingly, even though the extent of the losses could be subjected to an agreed upon limit, the risk of incurring losses could be higher, and that loss could occur in a relatively short period of time.
- h. Since deposit of an additional guarantee is not obligatory in this case, we reserve the right, at our sole discretion, to close any outstanding balances without your consent under these circumstances.
- i. Under abnormal Market conditions, CFDs may fluctuate rapidly to reflect unforeseeable events that cannot be controlled either by us or by you. Such circumstances may limit partially or fully your ability to trade.
- j. Our Online Trading Platform does not support negative prices of financial instruments. In the unlikely event of the price of any financial instrument reaching zero (0) or going below, our Online Trading Platform will automatically start closing any open positions at the current market price.
- k. It is important to make a distinction between Indicative Quotes, which are displayed on charts and Dealtable Quotes which are displayed on our Online Trading Facility. Indicative Quotes only give an indication of where the Market is. Because the derivatives products Markets are decentralized,

meaning they lack a single central exchange where all transactions are conducted, each Market Maker may quote slightly different prices. Therefore, any prices displayed on any chart made available by us or by a third party will only reflect "Indicative Quotes", and not necessarily actual "Dealable Quotes" in respect of which Transactions or trades can be executed.

- l. The risk information presented here does not reflect all of the risks as well as other important aspects intrinsic to Transactions in leveraged Financial Instruments. Therefore, before starting to trade, you should learn the specifics of entering into such Transactions in detail or seek further professional advice.
- m. Unless you have elected to carry a trade over the weekend, all trades will automatically close out in the real money mode when market closes at the end of the business week at the rates available on the end of the last trading day of the relevant week. All statements with respect to real money accounts will be open during the weekend and all traders are welcome to view their trading Account info. We reserve the right not to offset Contracts carried over the weekend shortly after markets are open. We may, at our sole discretion, allow offsetting Contracts carried over the weekend when market liquidity conditions are reasonable.
- n. There are a series of inherent risks with the use of the mobile trading technology such as the duplication of Order instructions, latency in the prices provided, and other issues that are a result of mobile connectivity. Prices displayed on our mobile platform are solely an indication of the executable rates and may not reflect the actual executed price of the Order. Our mobile feature utilizes public communication network circuits for the transmission of messages. We shall not be liable for any and all circumstances in which you experience a delay in Price Quotes or an inability to trade caused by network circuit transmission problems or any other problems outside our direct control, which include but are not limited to the strength of the mobile signal, cellular latency, or any other issues that may arise between you and any internet service provider, phone service provider, or any other service provider. Please further note that some of the features available on our Online Trading Facility may not be available on our mobile feature.

67.5 You hereby acknowledge and accept that you read and fully understood the content of our **Risk Disclosure** which can be found on our Website.

68. Further Representations, Warranties and Covenants

68.1 In addition to, and without prejudice, to any other representations, warranties and covenants set forth in this Agreement, you hereby further represent, warrant, covenant and agree: (a) that you act as Principal and sole beneficial owner (but not as trustee) in entering into this Agreement and each Transaction and/or Contract performed hereunder and that no Person other than you has or will have an interest in your Account(s); (b) that, regardless of any subsequent determination to the contrary, trading in leveraged Financial Instruments on the Over-the-Counter Market (and in such other investments as we may from time to time agree) is suitable for you and that you are aware of all risks involved with such Transactions and/or Contracts; and (c) that you are willing and financially able to sustain a total loss of funds resulting from Transactions and/or Contracts performed hereunder.

68.2 By using our Online Trading Facility, you represent, warrant, covenant and declare that all the funds that you use and invest on our Services do not originate in any way from drug trafficking, abduction, terrorist activity or any other criminal activity that is unlawful or could be considered unlawful by any authority. In the event that we may become suspicious that you may be engaging in or have engaged in such fraudulent, unlawful or improper activity, including, without limitation, money laundering activities, or conduct otherwise in violation of these Terms and Conditions, your access to our Online Trading Facility may be terminated immediately and/or your Account may be blocked. If your Account is terminated or blocked in such circumstances, we are under no obligation to refund any funds that may be in your account, unless otherwise instructed by a relevant regulatory authority. In addition to terminating your access to our Online Trading Facility and/or blocking your Account, we reserve the right to prevent you from accessing any of our other websites or servers, or accessing any other services offered by us. We shall be entitled to inform the relevant authorities, other online service providers and banks, credit card companies, electronic payment providers or other financial institutions of your identity and of any suspected unlawful, fraudulent or improper activity and you will cooperate fully with us to investigate any such activity.

68.3 The above representations and warranties shall be deemed to be repeated each time in the future you enter

into a Transaction or Contract or provide Instructions to us, for the duration of our business relationship.
